## Why VnPackPrint

VnPackPrint is the largest trade fair for package processing industry in Vietnam. It has been hold for more than a decade and built up good reputation among exhibitors and visitors. The exhibition provides a suitable platform for companies who eager to reach new customers and also who want to seek for market trends. Most of participants were satisfied and had positive feedbacks about the fair thus many of them are willing to participate in VnPackPrint every year. Here, we want to invite you esteemed company to join us and make more commerce opportunities possible.

## Market Information

With the evolution and invention of modern packaging technologies, which include protecting and safeguarding of products, convenient use of packaged products, storage etc, a sound packaging can establish connection among materials, product, and packaging process, which ultimately meet the customers' satisfaction.

Packaging industry cooperates with printing industry in many ways since printing industry generates a wide range of products which require in every step of our daily life such as newspapers, books, business order forms and paper bags. Thus, the growth of packaging and printing industry is predicable, especially in developing countries such as Vietnam.

## Organizers Information

- Chan Chao International Enterprise Group was founded in October, 1985 and is the first civil professional exhibition corporation in Taiwan.
